

“I am not my disability”

An exhibition exploring self-identity

An exhibition of creative arts and live music produced and presented by adults with brain injury exploring the impact of self-identity whilst living with a range of disabilities. This exhibition explores the physical, social, cognitive, psychological and emotional changes that are affected by an acquired disability. Some of these disabilities are apparent to all, whilst others remain largely hidden.

When: Sunday, 19th May 2019
